

Gates keep cattle and sheep where they are supposed to be.
Please leave gates
as you find them.

Gateways are like driveways.
Please don't leave your car
in the way.

Wildlife needs to be cherished.

You can see plenty without disturbing it.
Bonxies and terns especially are well known for
protecting their nests. Mind your head if they are about.

She needs help

If you find a sheep
like this - please
could you put her
back on her feet,
or get help.

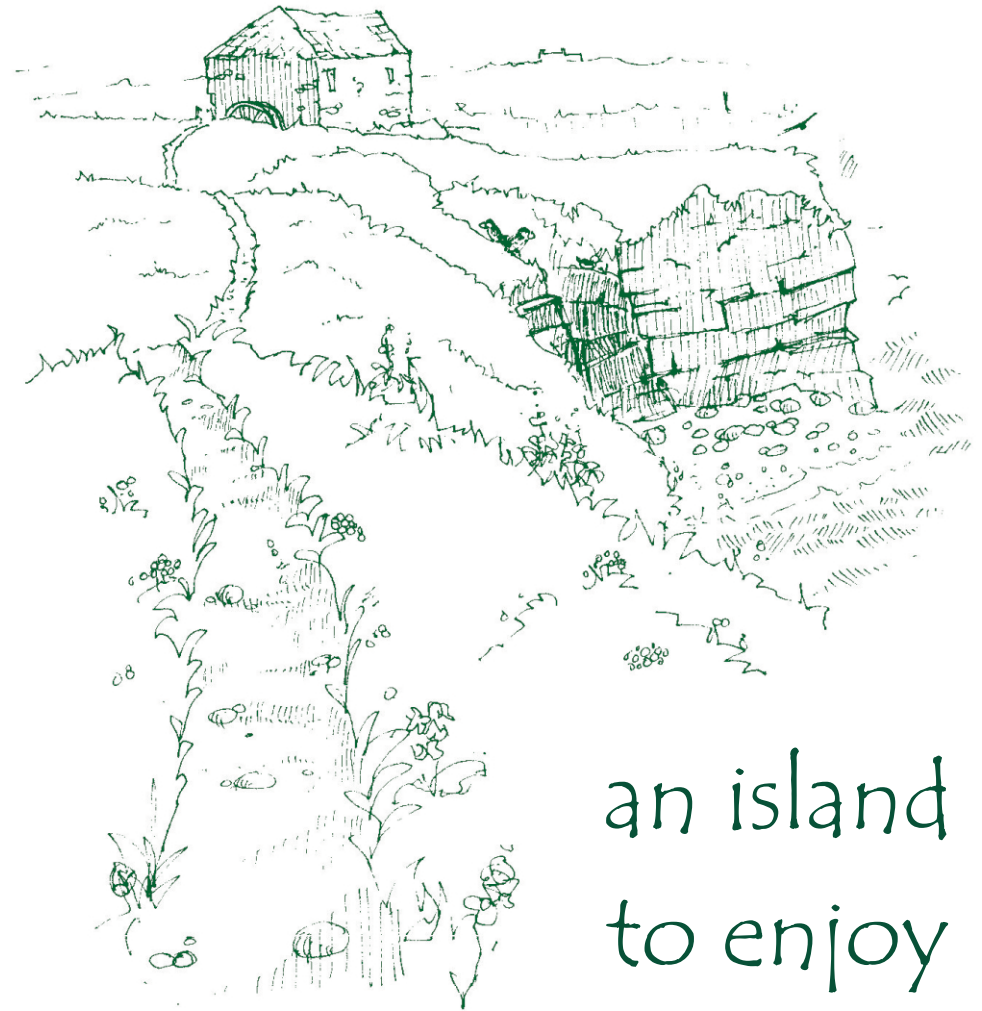

Please enjoy yourself safely, and come again.
